Subject: MLPAComments: Marine Protection Area Plan

To Chair Philip Isenberg and Members of the MLPA Blue Ribbon Task Force:

Although I was born inland in the northern Sacramento Valley, the ocean has always had almost a mystical hold on me. Thus, I was delighted when my husband and I moved to Santa Clara 25 years ago because it put us so much closer to the ocean.

Over the years I have written countless letters to the policy makers and supported legislators and groups who care about the protection of the ocean and the marine protected areas and reserves.

You, the Task Force, and the Governor have been given a huge responsibility--to protect this precious resource. Please do all you can to adopt a strong marine protection area plan for us and for future generations.

Thank you for your consideration of my email.
